Shira Zerner

Ever since Shira discovered she could communicate with angels her life has taken off in many new and wonderful directions. "I love my life and am excited about the future and I want the same for everyone." She began her spiritual life fairly recently, but wishes she had been open to it much earlier. Although, now when she thinks about it, the three events that rocked her world all helped her to see life with new and excited eyes. From a major earthquake in which she lost everything she owned, a bout with cancer, and then the sudden loss of her oldest sister in a freak accident all gave her a different outlook on how to truly appreciate life itself.

Shira's angel communication began with an online course with Doreen Virtue, the world's leading expert on angels, followed by a workshop with her on an Alaskan cruise. She has also read many books on angels by other authors and is grateful to them all for helping her develop this amazing gift.

Her Life Coaching experience and a Master's Degree in Education help her take the messages she receives from your angels and helps you to understand them, learn from them, and integrate them into your life. The result is the potential for a better life filled with more love, joy and peace.

She is available for readings every Thursday from 12pm to 4pm. She feels blessed to have met so many amazing people in her reading sessions and looks forward to meeting many more.

Danna Templeman

Danna's gifts of mediumship and psychic abilities have been embraced in her family for many generations. Great-grandmother, grandmother, mother, sisters, nieces and her sons all have powerful gifts of connecting with Spirit. It has been a way of life to go "to church" by sitting at the river. "Spirituality for us comes from the natural world with a deeper understanding of the power of God coming from Mother Earth, the moon and our natural intuition." She began doing readings for family and friends becoming more proficient with age and maturity. Danna's gifts include; psychometry, channeling, psychic mediumship, automatic writing, tarot cards, group readings and parties. She continues to open up and learn more ways to connect with the spirit world. "I feel the moment, if I was to stop learning, that will be the moment

I swear I will not dishonor my soul with hatred, but offer myself humbly as a guardian of nature, as a healer of misery, as a messenger of wonder, as an architect of peace.
